

Dearest blog reader,

Hi! Thank you for being here and reading whatever weird shit I decide to write on here. I'm still not entirely sure what I'll put on this strange little website.

I've already hidden plenty of secrets all over the site, so make sure to look for your cursor turning into a hand. Or just click on stuff willy nilly!

Clearly if you have found this, you're kind of a sleuth yourself (but it's only the home page so... don't get annoying about it). Lots ^{many?} more secrets lie in wait...

Wherever you've ~~come~~ come from, thank you for visiting, and I hope you enjoy your stay.

XOXO,

Maddy ♡
